Samaké is the Managing Director of the Empower Mali Foundation, current Mayor of Ouelessebougou, Vice President of Mali's League of Mayors and candidate in the 2013 Malian presidential election

Organisation

The idea of the Conference was born in the Swiss Alps by a Danish-Swiss team.

The Organising Team of the Conference consists of more than 20 women and men from nine countries and three continents. They all work on a voluntary basis and pay for their expenses themselves.

The Lyndi Fourie Association International LFAI is partnering with Initiatives of Change IofC South Africa.

The LFAI is non-profit and non-political in nature and serves the sole purpose of promoting sustainability, empowerment and integrity. The aim is to develop projects that can be replicated all over the world.

Objectives of the Association:

- a) To organize a conference in South Africa called 'Freedom – Our Responsibility'.
- b) To support people and communities who want to replicate the new patterns which were developed.

The Association will work in partnership and in collaboration with all persons, institutions and government instances which share its purpose and support its objectives

Initiatives of Change IofC is a world-wide movement of people of diverse cultures and backgrounds, who are committed to the transformation of society through changes in human motives and behaviour, starting with their own. They inspire, equip and connect people to address world needs, starting with themselves. The vision is a just, peaceful and sustainable world to which everyone, responding to the call of conscience, makes their unique contribution. IofC works worldwide on many initiatives through a network of individuals, groups and organisations.
